

**We are looking for...**

## **S&OP and Demand Planning Manager (m/w/d)**

**Location: Villach**

Imerys is a world leader in creating specialty solutions that improve everyday life through minerals. Our success is built on our people, and creating an environment where our 16,300 employees around the globe can thrive. We passionately believe that our teams are at their best when they have the opportunity to learn, collaborate and find new ways to solve our customers' challenges, no matter what part of the business they are in. We can offer you a variety of work and real opportunities to make an impact and be part of our evolution.

### **Your tasks and responsibilities:**

- Establishes and executes a monthly S&OP (Sales & Operations Planning) process for given scope of Imerys international production sites
- Coordinates (collaborates in) the demand forecasting process
- Prepares all data, metrics and scenarios to analyze supply and demand issues
- Ensures identification, monitoring and reporting of assumptions, risks and opportunities related to the medium to long-term business targets (horizon up to 18-24 months)
- Continuously review the S&OP process to ensure it suits business needs and is up to date with best practices
- Leads the monthly S&OP meeting with international stakeholders
- Builds strong partnerships with international stakeholders (e.g. Sales, Product management, Operations; Finance) for successfully delivering the S&OP results
- 5 to 10 % business travel is required

### **Your qualifications:**

- University degree with supply chain focus is a plus
- Strong knowledge and 5+ years of S&OP and Demand Planning experience
- Project management skills
- Good communication and relational skill, especially with international stakeholders
- Strong analytical skills, data analysis skills and strategic understanding
- Interpersonal and team skills and ability to propose solutions
- Strong BI & Excel / Google suite knowledge
- Fluent in English (writing and speaking)

### **We offer you:**

- Performance-based remuneration
- Exciting work in a dynamic team
- Training opportunities in an international environment

We offer a minimum compensation according to CBA of €2912,59 but with definite willingness to pay additional according to experience and qualifications.
